MANAGED BY ISLAND RESORTS

Tobago is an island of unique beauty with breathtaking rain forests complete with waterfalls, historical sights and unrivaled beaches. It is here, in Tobago, that one of the Caribbean's most spectacular resorts is located.

The Coco Reef is set at the end of a palm lined driveway in beauti-

fully manicured tropical gardens, overlooking the crystal clear

waters of the Caribbean Sea.

On arrival in Tobago, all Coco Reef guests can be personally met at the

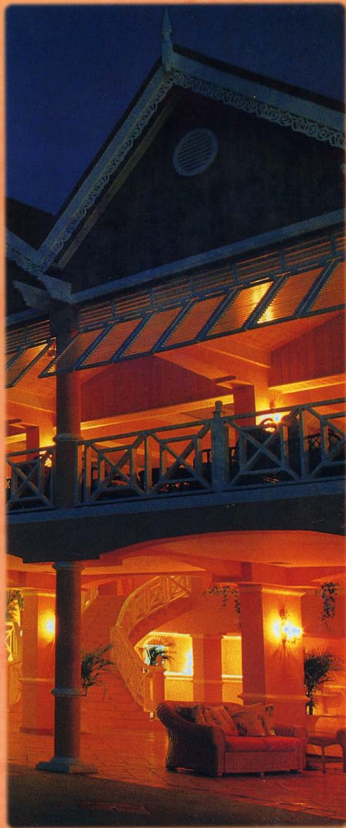

airport and transported to the Hotel and a world of understated elegance.

The Hotel offers luxurious accommodation in 135 rooms, suites and villas, memorable

cuisine and outstanding service all enhanced with a feeling of true Tobagonian hospitality.

Innovative, award-winning architecture reflective of Trinidad and Tobago's eclectic style, lavishly appointed suites

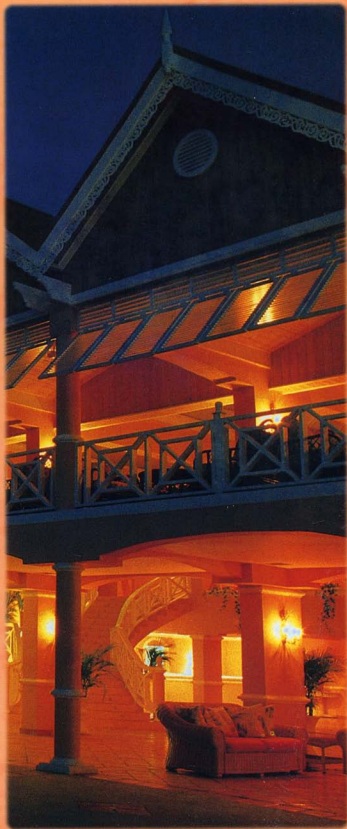

and public rooms coupled with a rare combination of modern convenience and old world charm complete the informal, elegantly relaxed atmosphere that sets Coco Reef apart from other resorts.

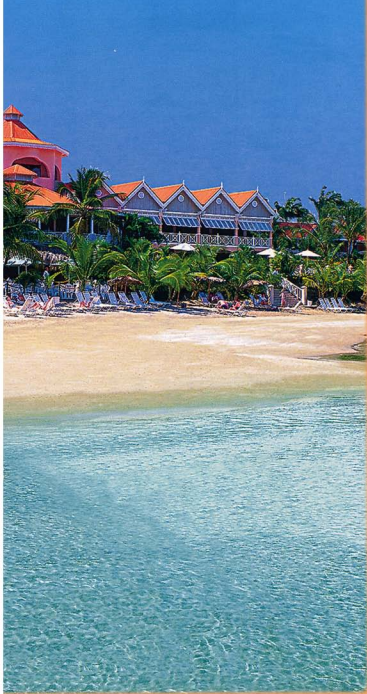

As soon as you step into your room, suite or villa you will feel the care and attention

to detail that went into the development of Coco Reef; From the hand made Saltillo tiles, a feature of the property's design, to the marble

bathrooms found in the luxury suites.

Coco Reef offers the three most magnificent beaches in Tobago, to the west is the Country's most popular

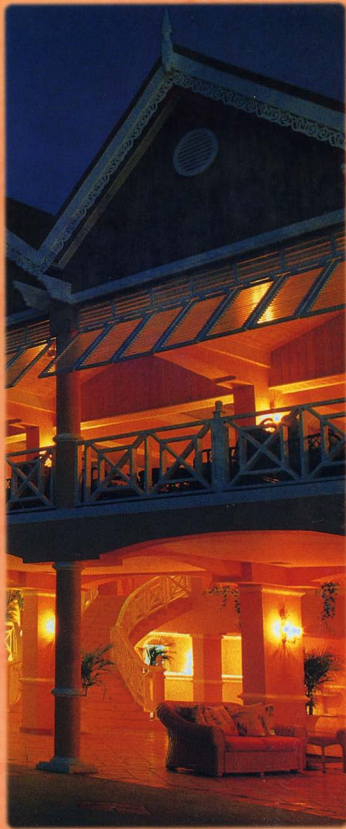

beach Store Bay, to the east the famous Pigeon Point and the best of all, our own private Coconut Bay just steps away from your room.

Anyone for Tennis? Try our two Har-Tru courts, lit for evening games.

For the golfer, two of the Caribbean's top Golf Courses, the Mount Irvine Bay Golf Club and the Plantations Golf Club, are both only minutes away.

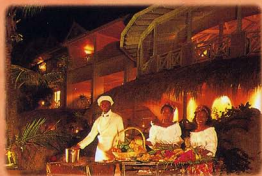

The highly acclaimed cuisine at Coco Reef is exceptional. The amazing variety

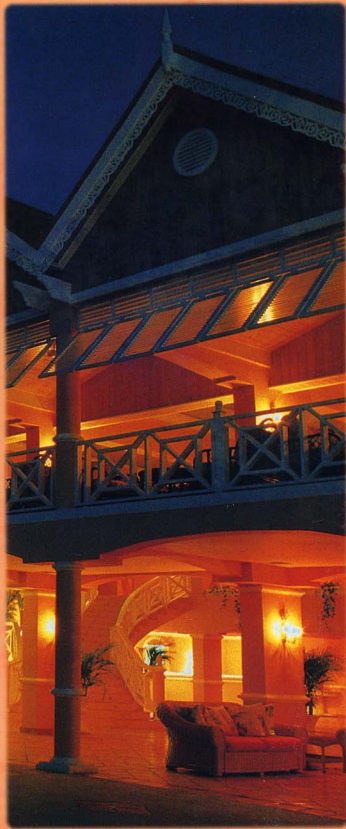

and quality of local produce enables our award winning chefs to tantalise your taste buds.

Bacchanals, our beach side Bistro features local dishes and Tamaras offers a more elegant style of dining.

Enchanting, velvety nights are enlivened by authentic fire and bamboo dancers, and the melodic rhythms of local steelbands.

Our 6 boutiques offer both local and international merchandise. The

Coco Spa with its cool marble interiors offers a variety of special treatments including aromatherapy, and

the adjacent exercise room features state of the art equipment.

Complimentary sailboats, windsurfers, kayaks and pedaloes are available at our

private beach. Arrangements for water skiing, scuba diving, deep sea fishing and horseback riding can be made through

our Social Director. Boat cruises and other sightseeing excursions, including trips to the rain forest, are also available.
